

# VINYL SHOWER CURTAIN + SHOWER CURTAIN RODS

## FACTORY INSTALLED CURVED SHOWER CURTAIN ROD

### Product Materials

Swivel Brackets: chrome-plated zinc die cast construction with exposed surfaces in architectural satin finish. Maximum 55 degree swivel rotation.

Tubing: 1" 20 gauge diameter stainless steel, seamless construction with exposed surfaces in architectural satin finish. Swivel brackets exposed surfaces are in satin finish. The shower rod will withstand a maximum load of 50 lbs.

## STRAIGHT SHOWER CURTAIN ROD

Our shower curtain rod is made for 304 stainless steel 16 gauge (.0625 inches) brushed finish. Our acrylic is drilled to fit the curtain rod which goes through the acrylic on either end; it is then crimped and silicone. There are no exposed screws or mounting plates leaving the shower with a clean minimalist look.

## VINYL SHOWER CURTAIN

### Materials

Opaque, matte white vinyl 0.008" (0.2mm) thick, containing antibacterial and flame-retardant agents. Nickel-plated brass grommets along top, one every 6" (150mm). Bottom and sides are hemmed.
